Step by Step : Set Cash Drawer

1. Tools | Option | Click on Barcode

Option 1 : Direct Kick Out : If your Cash Drawer direct connects to your PC.

* Select the correct Port No and then click on Kick Out button to test whether the
Cash Drawer success kicks out, if the port no did not showing in list, may
manually type in your Port No.

Option 2: Printer Kick Out

* Select your Printer Name and then click on Kick Out button to test whether the Cash Drawer success kicks out.

After done, press OK will do.

End.
